THE

1946 SAGA

A Challenge to the Class of 1946

As you of the student body peruse the contents of this annual resume of your activities during the semesters that have comprised our school year, many happy memories will be revived. That is as it should be. May they recur to you again and again upon the journey into the realms of business and social activities which will soon command your careful attention. But let us not be too deeply concerned with the past. At this stage in the lives of all students in high schools and colleges the future is of major importance to us.

Without dwelling too much upon the subject, it can be said here that the world, but recently the victim of the greatest holocaust and mass slaughter civilization has ever known, now finds itself in a maze of uncertainty. Those two conditions, both unwarranted, present a challenge to you. Upon your shoulders will rest the solution of the awe-inspiring problem. At the same time, never before in the history of civilization did any challenge present so great an opportunity to young men and women as is presented by this one. Will this sorely troubled world emerge triumphant out of the chaos in which it now finds itself? The answer to that most pertinent question, is now in your hands. That you will solve it there is not the slightest doubt.

Mr. Burt Swales

Dedication

Two years ago Mr. Burt Swales came to Parker High School to teach history. We did not have an opportunity to become acquainted with him until January of that year when he started to teach us Junior history. In September of the following year we met him again at Parker, only this time he was assistant principal as well as our history teacher. Just before the Christmas holidays, we discovered that Mr. Swales intended to leave Parker in June to return to college. We are sure that all of the students will be sorry to see him go.

The Class of '46 wish to thank him for the many hours he has spent helping our classmates and school pals, for always giving us his best advice on problems that would have otherwise stumped us. We also wish to thank him for his aid in the production on the yearbook.

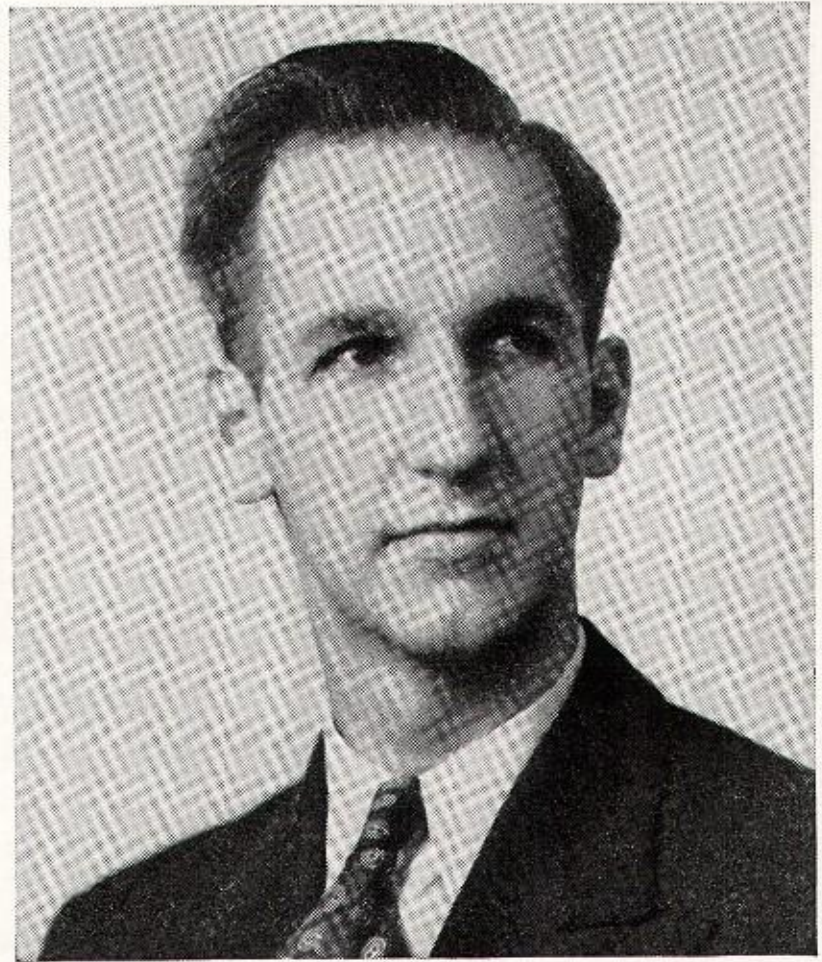

So in this small way we thank you, Mr. Swales, for being a wonderful advisor to our class.

Our Principal

Two years ago, Mr. Carl Stamp became the principal of Parker High School. This was not our first acquaintance with Mr. Stamp, however, because we first met him while in eighth grade and again in our freshman year, when he was of great help to us in getting our courses for the four years to follow straightened.

In the two years that he has been principal he has held his position with enthusiasm, and has held a strict hand in the guidance of the students. It was through his efforts that Parker encouraged a football team, which has made notable victories. He also gathered the student body together to a group of assemblies that were thoroughly enjoyed by all. One of his outstanding achievements this year was the cutting of the school day to eight periods instead of the usual nine.

So, the class of '46 wish to extend their gratitude to Mr. Stamp for the aid and encouragement he has given us, along with his

Mr. Carl Stamp

splendid cooperation with us in all of our class projects. We feel that it is through his efforts that P.H.S. has gained its high prestige.

Mrs. Mary Larkin

To Mrs. Mary Larkin goes our vote of thanks for the three years she has put up with us. She has always been ready and willing to help any and all of our student body. She has put up with us on our less joyous moments as well as the happier ones.

Mrs. Larkin has been the school secretary during these three years, but has also taken care of the school and class books, and tried to return the articles we were everlastingly losing.

Therefore, we give our wholehearted thanks to her for three swell years.

Maintenance

The maintenance staff is also to be congratulated for the magnificent job they have done in keeping Parker in the best condition possible. We thank them for their aid in helping us reorganize the gym after our entertain-

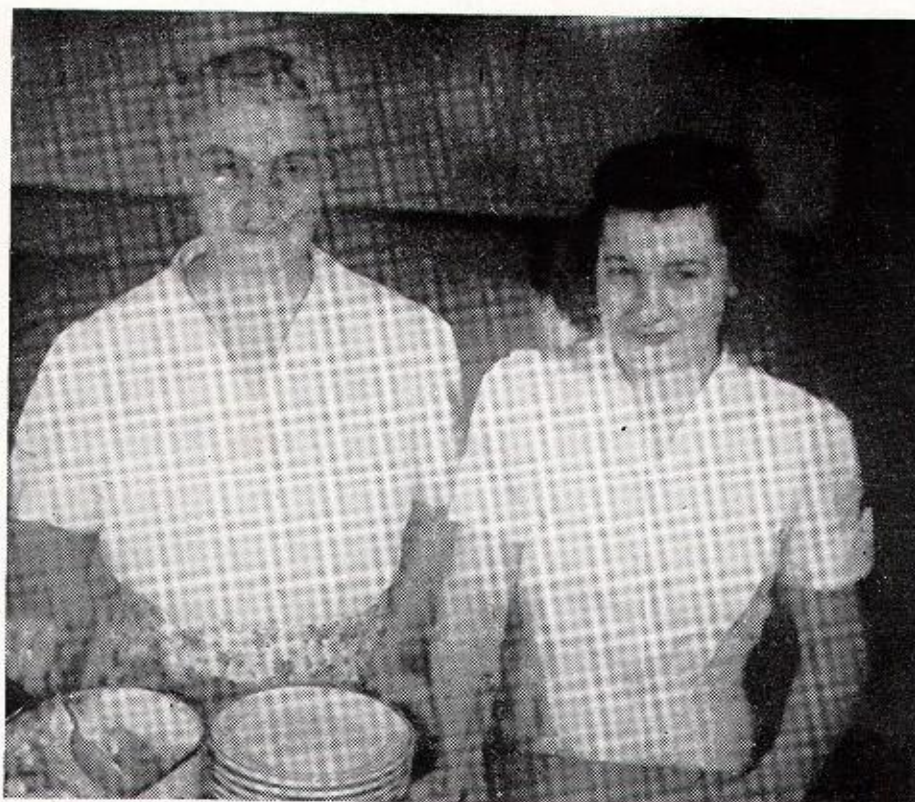

ments and dances.

We have always been able to proudly show visitors and parents the school because we were sure it would always be in excellent condition.

The Yearbook Staff

The yearbook staff wishes to thank the student body for the help they have been in the production of the yearbook, and for promptness with which they returned the proofs for the yearbook pictures, so that the printing of the yearbook was not held up. We also wish to thank those who worked to get the numerous advertisements and subscriptions.

Senior Class Officers and Advisors

The Class of '46 this year has elected the following students into offices:

Robert Larkin, President
Carr Magel, Vice President
Peggy Hughes, Secretary

Aldine Peronne, Treasurer
Mrs. J. Dinwoodie
Mr. B. Swales

The Class of '46 wish to thank these members of the student body for the splendid job they have done in their respective offices. We feel that they have all fully carried out their tasks to the best of their ability, and even beyond that point. It was with their aid that the Class of '46 have been able to accomplish its goals.

The class wishes to take this opportunity of expressing its appreciation to their class advisors, Mrs. J. Dinwoodie and Mr. B. Swales, for their patience, understanding, direction and unceasing labors in our behalf. Without them we might be described as being a ship without a compass.

SENIORS

JEAN BEATRICE ALLEN—"Jeanie"

Secret Passion still a secret, likes to walk in rain, noted for hair styles, says geepers golly, ambition is a medical secretary.

MARGARET MARY BASTIAN—"Marg"

Secret Passion certain senior at Lancaster High, likes to ice skate, noted for freckles and "Holy Cow." Ambition is switchboard operator.

BAND

Shortly after Parker started its classes again in September of this term, we found that we were in need of a new band leader and music teacher, as the present one felt she had to leave us. We were all sorry to see Mrs. Kirbis leave, because it was under her and Mr. Surra's able leadership and teaching that the Parker High School Band worked and stuck together.

But we are very grateful to Mr. Schatz for the splendid work he has done. We all met in the auditorium a few weeks ago, and heard our band play a few numbers, which we thoroughly enjoyed. After hearing them, we feel sure that the Parker High School band will once again have the honor of winning the championship plaque, only this year with greater ease, for we all can see the improvements Mr. Schatz has made.

Because Mr. Schatz came to us late, and because he was handicapped by not knowing our fellow students, his opportunities were limited, but we feel sure that our band will achieve unlimited recognition, under the able guidance of Mr. Schatz, in all of their future activities. To Mr. Schatz goes our wholehearted gratitude and thanks.

SENIOR PLAY

 Tues., May 7, Alden at Alden
 Fri., May 10, Akron at Home
 Tues., May 14, Alden at Home
 Fri., May 17, Amherst at Amherst
 Tues., May 21, Williamsville at Home
 Fri., May 24, Akron at Akron
 Tues., May 28, Amherst at Home
 Tues., June 4 Play-offs

GOOD RECORD EXPECTED

The outlook of the baseball season for 1946 is very promising. The team will have such veterans as Larkin, Burns, Nugent, Honsberger, Roth, Miller and Davis to spearhead Parker's attack this year, with many newcomers appearing in the lineup. These include the Muchow brothers, Rafter, Magel, Nice and Braunscheidel.

The team, under the capable coaching of "Lefty" Bernhard, is working hard to obtain the championship for Parker High. With some hard work and good playing this can be achieved.

As the first game, May 3, has not yet been played an exact prediction cannot be made until after the named date.
